## ***Creative Wonders Learning Center***

January 13, 2004

Parents,

One of the advantages to our affiliation with the Family Fitness Center next door is our ability to utilize a space of theirs called the *Multi-Purpose Room*. This room is not used by Fitness Center during the day. Our children are able to use the mats and mirrors to do safe tumbling exercises and play with small playground equipment (hula-hoops, balls, etc.). We are not only asking your permission to do a planned, scheduled field trip weekly each week, but we would also like to be able to give your child the benefit of limitless gross motor activities even during inclement weather. The children will be fully dressed with their coats, hats and mittens for the walk over. Please note that the children will be thoroughly supervised by their *Creative Wonders Learning Center* teachers the entire time and that under no circumstances will there be any interaction with the Family Fitness Center members.

---

My Child, \_\_\_\_\_, has my permission to take a walking field trip to the Family Fitness Center each week as well as during future inclement weather. I have the right to cancel this permission fully or partially at any time.
